TREND

TREND

offers a practical design-oriented storage solution which puts the emphasis on appearance, design and functionality. For a walk-in closet, a prestigious office space or for almost any living area; if you are looking for an especially stable system, then the Trend interior system is the right choice. Outer sides, inner sides and shelves are made of decor resin-coated 25 mm [1"] chipboard (Carb2)

SPACE

SPACE provides an equally attractive alternative to the Trend interior system. With its classic style and elegant design, Space enhances any room, boasting many useful features. An ideal interior system for walk-in closets or anywhere one can fully appreciate the spaciousness and clean-cut look of this interior system.

SPACE – Classic and Elegant System: Made by BauCloset, adjustable height shelves present a distinctive feature in this gridless system. Advanced options and design oriented surfaces such as Urban Structures harmoniously enhance the look.

Quality and contemporary excellence. In all of its forms, innovation is guided by quality and excellence, care and respect for the properties of each material, each type of wood, finish, or surface treatment.

TREND, a wardrobe system along with a walk-in closet possessing a contemporary modularity suitable to any space. The walk-in closet is distinguished by 1" vertical panels that bring out the solidity of their geometry. The frame side creates great formal lightness and emphasizes the wardrobes inner open units.

WHEN PRIVATE SPACES EVOLVE INTO A BOLD AND FUNCTIONAL SHOWPIECE

The joy of combining styles and easy access – Walk-in closets offer convenience, making getting dressed a welcome experience. Space and Trend exclusive interior systems ensure everything is at hand with pull-out rails and shelves, lights and lifts, draws and mirrors, plus many other fixtures and fittings. Choosing an outfit becomes an absolute pleasure day after day, no matter the occasion.

When centrally located, the exclusive Trend Island provides access from all sides at the perfect height. The Trend Island offers counter-top space to chose and tidy away clothing while allowing you showcase jewelry and accessories under the glass.

Daily activity and ergonomic design aspects determine equipment arrangement which results in a closet equipped with maximum functionality. BauCloset drawer inserts in various system versions are made entirely from wood, with special ally tailored compartments for every item in your dressing room. Let yourself be inspired by this wealth of practical ideas.

Do you already have an idea for you very own personal interior design solution? Do you need ideas on the perfect solution for you room? Or expert designers are specialists and available to help you with initial planning, a 3D view of your project, precise measurements and onsite, expert assymbly of the finished system.
